

ENERGY CHALLENGE 4.0

W E E K 3 R E P O R T

efargo

The third week's goal was to learn how to save energy from **DEVICES**. Fourth week's focus is **HEATING AND COOLING**; make sure you do as many activities as you can, such as keeping the window blinds open, in the winter, during the day to allow in heat from the sun to warm your classroom. **Remember to do your daily habits throughout this Energy Challenge!**

Photos from Mr. Jensen's class experimenting with the light meter!

ACTIVITIES TOTAL

WEEK 1 - ACTIVITIES WINNER: **KRUEGER'S CLASSROOM!**

ACTIVIST FRIDAY TOTAL

WEEK 1 - ACTIVIST FRIDAY WINNER: **BENEDICT'S CLASSROOM!**

KUDOS

Kudos to all participants of the Energy Challenge. Congratulations to Mr. Benedict's classroom for scoring the most during Week 2. Kudos to Mrs. Krueger's classroom for posting points on the dashboard.

All classrooms - there is always room for improvement. Please keep up the good work, complete all the activities, reduce energy use and educate as many students, friends and family as possible.

SCHOOL ENERGY USE

ENERGY USE REDUCTION WINNER: **MCKINLEY!**

Energy use compared to baseline week: Oct 5th, 2018- Oct 12th, 2018 (normalized with average heating degree days for past 30 years for the same time period):

Energy use compared to previous week's energy use: Oct 19th 2018 - Oct 26th 2018 compared to October 12th - October 19th (normalized with average heating degree days for past 30 years for the same time period).

SINCE SCHOOL WAS CLOSED FOR TWO DAYS (Oct 18th and 19th) IN THE PREVIOUS WEEK, IT IS UNDERSTANDABLE THAT THERE IS AN INCREASE IN ENERGY USE COMPARED TO THE PREVIOUS WEEK WHERE SCHOOL WAS SHUT DOWN AND LESS ENERGY WAS USED.

OVERALL POINT TOTAL

WEEK 2 - WEEKLY WINNER: **KRUEGER'S CLASSROOM!**
